CREATE "MASTERPIECES OF YOU" IN AN GUIDED ART SESSION USING IMAGES FROM YOUR PHOTO-SHOOT

RETREAT BENEFITS

Our Intention for You

Transformational photo-shoot of your true essence, not headshots.
No frills, just the freedom to be you.

Artist-Guided session, creating fine art pieces using captures
from your photo-shoot. Together we create "YOU as ART".

Re-invigorate your feisty confidence, courage and wisdom.

Beach Bonfire. De-lish local fare. Luxe Seacrest Beach Lodging.

Post-retreat practices supporting your visions + dreams.

You may have had glamour portraits or head shots...
but these are heart + soul portraits. They capture your
strength, positive spirit, confidence, wisdom and JOY.

You'll be guided to create your visual soul-scape,
representing your empowered self and vision for
how you want to feel in the future,
releasing old stories that limit your vitality & potential.

Return to knowing that our dreams are POSSIBLE.

Empowering photographic portraits reflect your
strength, confidence and joy.

Guided art making from your photos renders you
as your boldest vision, **YOU as ART**.
